Objectives:

Gastroenterologist and Therapeutic Endoscopist
Clinical Investigator

Education and Employment History:

President, Premier Gastroenterology of Texas, P.A., Dallas TX	(4/11-Present)
Master of Public Health (94 hours completed), University of Texas, Houston TX	(8/01-Present)
Digestive Health Associates of Texas, P.A., Dallas, TX	(5/03-3/11)
Faculty, Gastroenterology Dept., Baylor Univ Med Center, Dallas TX	(5/03-3/11)
Therapeutic Endoscopy & Endosonography Fellowship	(7/02-3/03)
Gastroenterology Fellowship, Baylor College of Medicine, Houston TX	(7/00-2/03)
Hepatology & Laparoscopy Fellowship, Univ. of Miami School of Med, Miami FL	(7/99-6/00)
Instructor, University of Texas Southwestern Medical Center, Dallas TX, and Staff Physician, VA Hospital North Dallas	(7/98-6/99)
Clinical Assistant Professor, University of Kansas School of Medicine and Chief of Staff, Greensburg Memorial Hospital	(7/96-6/98)
Internal Medicine Resident, Mount Sinai School of Medicine Affiliated Program, Jersey City Medical Center	(7/94-6/96)
Internal Medicine Intern, Mount Sinai School of Medicine Affiliated Program, Jersey City Medical Center	(7/93-6/94)
Doctor of Medicine, University of Lebanon School of Medicine	(9/86-3/93)
Bachelor of Science, University of Lebanon School of Biological Sciences	(9/85-8/86)

Board Certification:

Board Recertification in Gastroenterology	November 2013
Board Certified in Gastroenterology	November 2003
American Board of Internal Medicine (ABIM)	August 1996
Federation Licensing Examination (FLEX)	December 1994
Educational Commission for Foreign Medical Graduates (ECFMG)	July 1992

Medical Licensure:

Texas State Board of Medical Examiners	August 2002
--	-------------

Training:

Therapeutic ERCP, Interventional EUS, Endoscopic Mucosal Resection, Small Bowel Assisted Enteroscopy, Cryotherapy and HALO Therapy of Barrett's Esophagus, Laser (YAG & PDT) Therapy, Endoluminal Stenting, Diagnostic Laparoscopy, EGD, Hemorrhoidal Banding, Fecal Incontinence, and Colonoscopy

Teaching:

Faculty at University of North Texas, Gastroenterology Dept, Fort Worth TX
National Speaker for Abbvie Pharmaceuticals
Faculty Gastroenterology Dept, Baylor University Medical Center, Dallas TX
National Speaker for Abbott Pharmaceuticals
National Speaker for Wilson Cook on the Clinical Application of Interventional Endosonography
National Speaker for Boston Scientific on New Inventions in Therapeutic Endoscopy and ERCP
National Speaker for AstraZeneca
National Speaker for the Miami VA, Center of Excellence in Education and Treatment of HCV
Instructor, University of Texas Southwestern Medical Center, Dallas TX
Clinical Assistant Professor, University of Kansas School of Medicine, Wichita KS

Honors and Awards:

Olympus Live Animal Grant for Cholecystectomy Using Oral Orifice (NOTE)	2009-2010
Co-Director of Texas Endoscopy Course	June 2006
Scientific Grants from Boston Scientific and Wilson Cook	2003 - 2006
Boston Scientific Grant for Hands on Training on New Therapeutic Invention	April 2005
Travel Grant Award, 7 th Meeting of the Gastroenterological Research Group	Nov. 2001
Roche Pharmaceuticals Grant: Interferon Mechanism of Action in HCV	March 1993
Dean's Honor List upon Graduation from Medical School	March 1993

Societies:

I am or was a recent member of the following associations:

Member of Texas Society of Gastrointestinal Endoscopy	(TSGE)
Member of the Texas Medical Society	(TMS)
Member of the Dallas County Medical Society	(DCMS)
Member of the American Gastroenterology Association	(AGA)
Member of the American College of Gastroenterology	(ACG)
Member of the American Society of Gastrointestinal Endoscopy	(ASGE)
Member of the American Association for the Study of Liver Diseases	(AASLD)
Member of the American College of Physicians/Society of Internal Medicine	(ACP/ASIM)

Research Activities:

Research projects:

(1) The long-term effect of endoscopic stenting: A retrospective analysis (data being collected.) Premier Gastroenterology of Texas, P.A. Principle Investigator: Damien Mallat, M.D.

(2) The clinical utility of DNA molecular analysis in the management of pancreatic lesions: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

(3) The utility of EUS in the management of acute pancreatitis: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

(4) The application of DNA mutation in the assessment of mucinous pancreatic cysts: A prospective study. Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

(5) The utility of EUS in the differentiation between chronic pancreatitis and intrapapillary mucinous neoplasms. Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

(6) The utility of EUS alcohol injection in the management of mucinous pancreatic cysts. Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

(7) Management of pancreatic head fullness and negative EUS FNA: Should we always proceed to Whipple? Institution: Baylor University Medical Center; Principle Investigator and Co-Investigator: Damien Mallat, M.D. and Jeffrey Lamont, M.D.

Fellow Seminars:

(1) Surveillance post curative resection of colorectal cancer; (2) Biopsy of liver lesion; (3) Disseminated strongyloidosis presenting as massive lower GI bleeding in a patient with systemic lupus erythematosus; (4) The role of low fiber diet in diverticular disease of the colon; (5) Double pylorus in patient with severe iron deficiency anemia; (6) Acute diverticulitis; (7) Surveillance of Barrett esophagus; (8) Interferon role in liver cirrhosis; (9) Sarcoidosis of the liver; (10) Vitamin deficiency in patients with chronic alcohol abuse; and (11) GI melanoma

Journal Club Presentations:

(1) Technical review of duodenal ampullectomy, (2) European experience of double balloon enteroscopy, (3) ERCP in acute and chronic pancreatitis, (4) EUS utility in pancreas and luminal diseases, (5) IPMN of the pancreas, (6) EUS staging of esophageal cancer, (7) Long-term effect of interferon in patients with chronic HCV infection; (8) Survival of Budd Chiari syndrome; comparison of medical and surgical treatment; and (9) The effect of IL-10 on liver fibrosis in patients with chronic HCV infection

Resident Conferences:

(1) Viral hepatitis and cryoglobulinemia; (2) Evidence-based management of supraventricular arrhythmias; (3) Diagnosis and management of Diabetes Mellitus; (4) Management of refractory COPD; and (5) Management of congestive heart failure.

Moderator of the Advanced Therapeutic Endoscopy Training in Plaza Fort Worth Medical Center Gastroenterology Department:

(1) Endoscopic management of chronic pancreatitis, (2) risk and complications post ERCP, (3) Management of pancreas pseudocyst, (4) EUS role in biliary stones and chronic pancreatitis, (5) EUS staging of GI luminal cancer.

Moderator of the monthly Advanced Therapeutic Endoscopy Journal Club in Baylor University Medical Center:

(1) Management of complex biliary stone, (2) Pancreatic stent or not after ampullectomy, (3) Biliary drainage in Klatskin tumor (4) Endoscopic management of chronic pancreatitis, and (5) Safety of long term stenting for chronic pancreatitis, (6) Chronic pancreatitis: an in-depth look at its cause and management including surgery, pain management and/or endoscopic therapy.
